

ENFORCE TAC

ENFORCE TAC 2027 – WHERE MISSION MEETS MARKET

DELEGATION PROGRAM FOR DECISION-MAKERS

Security today is shaped at the intersection of police, armed forces and civil authorities. As Europe's leading trade fair for internal, external and cybersecurity, Enforce Tac brings these domains together in one place, offering international delegations maximum efficiency: one visit instead of multiple trips, one location instead of scattered contacts.

The latest Enforce Tac at a glance:

- 26,500+ trade visitors
- 1,400 exhibitors
- 800+ from abroad
- Exclusive, restricted-access professional environment

Delegations gain direct access to the manufacturers, technologies and decision-makers shaping Europe's security architecture. A tailored delegation program provides the orientation, dialogue and connections needed to advance your mission.

YOUR BENEFITS AS A DELEGATION PARTICIPANT:

- + Privileged Access**
Enforce Tac is restricted-access. Delegation participants move beyond the show floor into curated visits and briefings.
- + A Network Built for Your Mission**
Meet international peers and engage directly with manufacturers and experts in a setting designed for focused dialogue.
- + Capability Overview**
A compact, curated overview of current and emerging systems and technologies, presented directly by the companies behind them.
- + Security with Purpose**
Join a community committed to responsibility, clarity and security policy that meets the demands of our times.

YOUR INDIVIDUAL PROGRAM INCLUDES:

- ✓ Guided tours through Enforce Tac's strategic innovation fields, tailored to your interests and requirements (e.g. Electronics, Future Concepts, Protection, UAVs)
- ✓ Networking with industry and institutional stakeholders
- ✓ Curated visits to relevant exhibitors
- ✓ Background briefings with experts and leadership
- ✓ Optional company visits after the fair
- ✓ Personal support and translation service
