

## Internship Programme of German Business

**Are you looking for young talents with high qualification  
for your company or partner in Croatia?**

**Are you already engaged in Croatia?**

**Are you interested in expanding your business to Croatia?**

Use your outstanding opportunity and participate in the Internship Programme of German Business and get in touch with highly qualified young professionals with various professional backgrounds in the scope of an internship. We ensure you committed and well-prepared interns whose qualifications for future employment in your subsidiary or partner company in Croatia can be reviewed.

The Internship Programme of German Business gives you the opportunity to train your future employees in your mother company in Germany in order to be employed back in Croatia. The aim of the Programme is to provide internships for highly qualified young professionals in German companies in Germany for a period of three to six months.

In cooperation with the Federal Government of Germany, we support practical education for young professionals from the WB 6 and Croatia aiming at securing skilled workforce in the region.
